New Math for Success in a Global Economy:

$$5 + 2 = 2$$

At European University campuses throughout Europe and Asia, and through the online program at Nichols College (located one hour west of Boston, Massachusetts, U.S.,) you can study:

- 5** semesters at any European University campus
- + 2** semesters of Nichols College online courses; and earn
- 2** degrees ... a BBA from European University and a BSBA from Nichols College.

Begin your studies at one of the European University locations throughout Europe and Asia. After completing five semesters of your undergraduate degree at EU, you then complete two semesters — 10 online courses — through the Nichols College online program. Having two degrees from two prestigious business programs on two continents will provide you with a competitive advantage in today's global economy.

A Great Partnership

In business, networking and developing partnerships are part of the new formula for success in the global economy. European University and Nichols College have found such a partnership in the world of higher education. Both schools have the same core values in delivering creative, cutting edge business education to the next generation of business leaders.

- A pragmatic, career-focused approach to education
- Small class sizes and personalized attention
- Accessible faculty who care about student success
- Outstanding employment record for our graduates
